About TEDxEastVan

TEDxEastVan is dedicated to discovering great ideas and sharing them with the rest of the world. We welcome interesting people into the community and showcase and celebrate the dynamic ideas which exist in East Vancouver.

This year's theme is: **MOVE**

The theme represents change, intense emotions, performances, and art and culture. East Vancouver has always been a centre for underground movements, be they social or arts based, and our diverse range of speakers, performers, and audience members will have a chance to celebrate this dynamic spirit with their own versions of **MOVE** in the heart of East Vancouver.
