

XIAO LI

Chapter 1

Xiao Li and I used to be in the same school, we became good friends because our parents knew each other, she had a cat and we both loved the cute kitten.

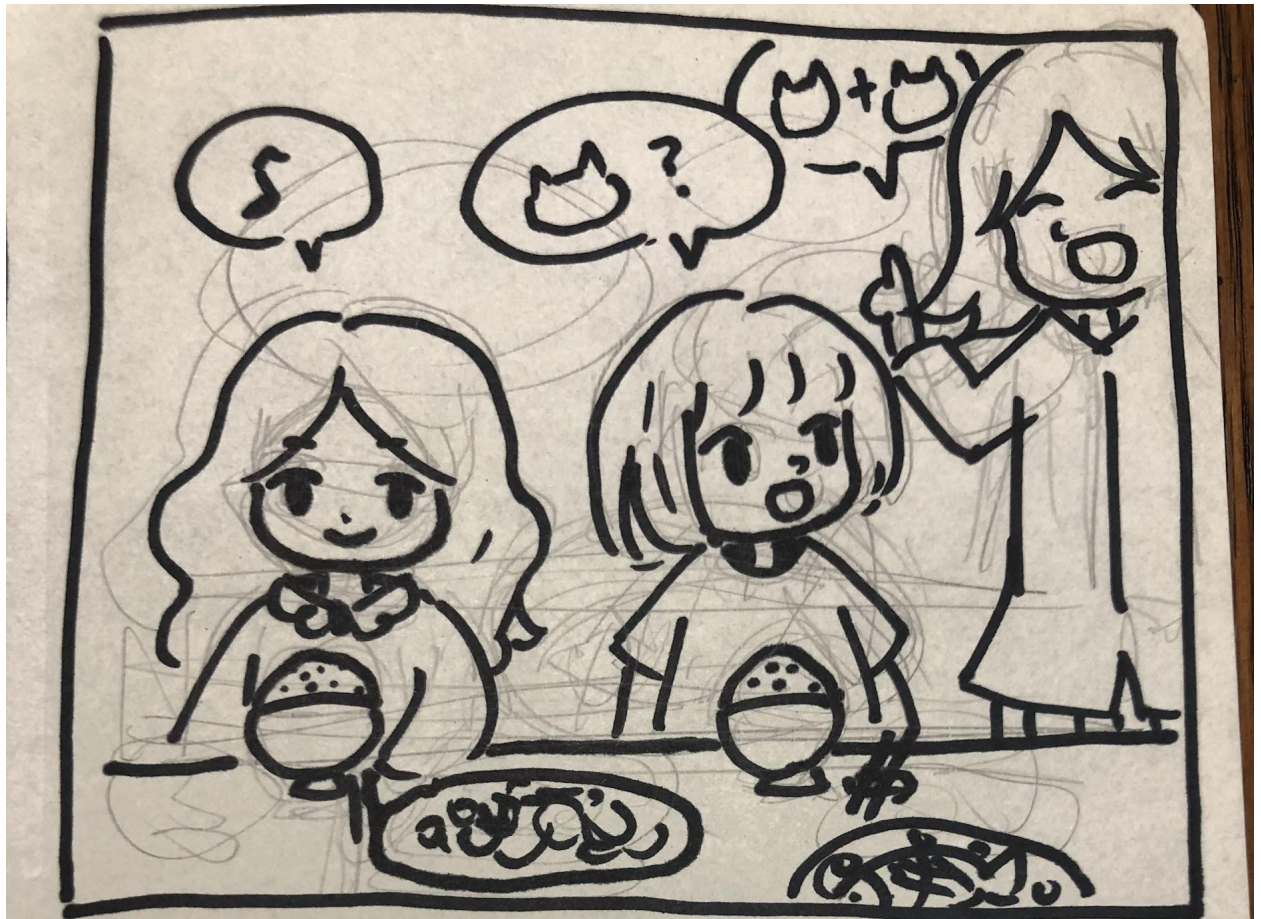

Chapter 2

Xiao Li's cat was once a stray. She met the kitten on her way home one rainy day. Then she brought the stray kitten home and named it "Xi Qi".

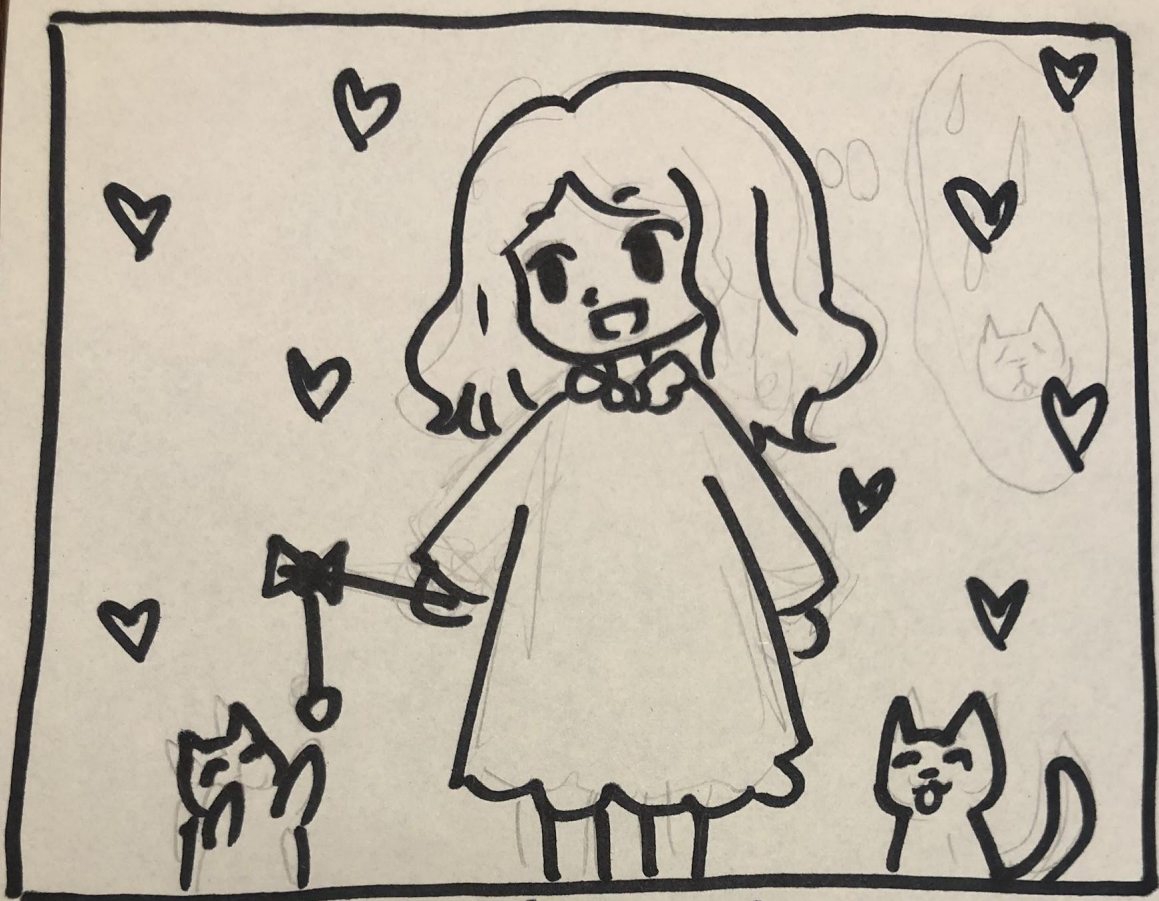

Chapter 3

We all love Xi Q; so much.
We play with her, prepare
delicious food for her and
brush her. Xi Q; also likes
to stay with us.

Chapter 4

One day I was at Xiao Li's house for dinner, and her mom had prepared a lot of delicious Chinese food. Her mother told me that Xiao Li met another stray cat today and after that they might have two cats in the house.

Chapter 5

Xiao Li adopted a second stray cat. She spends more time with these family members and she told me she wants to rescue more cats in the future then they will have a warm home.

Chapter 6

It had been a long time since I last saw Xiao Li, and yesterday I saw a cat outside my window, which reminded me of Xiao Li and her cats. In my last chat with her, I knew that she adopted more than ten cats.

Chapter 7

I was imagining that if Xiao Li took all her cats out on a trip together, she would live in harmony with these cats, or she would have rescued new cats during the trip. Passengers might ask her why you have so many cats.

Chapter 8

The last time I saw her was before I came to Canada, when I left her home to say goodbye and wish her the best of luck in achieving her dreams. And now there is no doubt that she is living her dream and trying to provide a better life for her family members.
